Wikitexts

Here are custom designed online Wikitexts that are developed for individual instructors/classes and schools. The BioWiki maintains all Modules (pages of chemistry information) in the primary sections collectively referred to as the Core; the Wikitexts below contain only class organization, which may or may not be reproduced in the organization of the core.

- UC Davis: BIS 105: Murphy
- UC Davis: BIS 101: Dvorak
- UC Davis: BIS 101: Kimbrill
- The College of Saint Benedict and Saint John's University: BCHM 322
